No. 419
TRENTON, NEW JERSEY

PHILADELPHIA OFFICE

Notice to Purchasers.

We invite the attention of Nurserymen, Florists and Dealers to our Wholesale Trade-List for the Autumn of 1901. These prices are for the Trade only, and supersede all previous quotations.

TERMS.—Cash with order, or satisfactory references from those with whom we have not had previous business

dealings.

REMITTANCES.—Remittances can be made by draft, registered letter or post-office money order, or we will forward by express, with bill to be paid, with cost of collection, on delivery.

LOCATION.—The Glenwood Nurseries are situated near Morrisville, Bucks County, Pa., one mile from Trenton, N. J., thirty miles from Philadelphia and sixty miles from New York. Trains leave Broad Street Station, Philadelphia, and Cortlandt and Desbrosses Street Ferries, New York, almost hourly for Trenton, N. J. There are trains quite frequently from Reading Terminal Station, Philadelphia, and Liberty Street Ferry, New York, to Trenton, N. J. Yardley, Morrisville and Trenton Trolley passes our Nurseries every forty minutes each way; take trolley at Calhoun Street Bridge, Trenton, N. J., Yardley or Morrisville, Pa.

An invitation to visit our Nurseries is cordially ex-

tended to the Trade generally.

SHIPPING FACILITIES.—The Pennsylvania, Baltimore and Ohio and Philadelphia and Reading Railroads offer equal conveniences for shipping from Trenton, N. J., from which point all our shipments are made. We can forward west, via Pennsylvania Railroad, with through freight rates, without change of cars; north, via Lehigh Valley Railroad and Erie Dispatch; and south and east, by rail or steamship lines from Philadelphia or New York. We can obtain very liberal freight rates, as there is considerable competition from this point.

Purchasers are requested to name the mode of conveyance by which they desire their shipments made, otherwise we will forward to the best of our judgment. After delivering to the forwarders, all articles are entirely at the risk of the purchaser; should any loss or delay occur, the forwarder alone must be held accountable and responsible.

CLAIMS.—All claims for errors must be made upon receipt of stock. We desire to be informed at once of any errors that may occur, in order to rectify the same without delay.
